## AGENDA

1. Land Acknowledgement
2. Design Challenge Update
  - a. Met with Robert and he said he wants to be our advisor. We are planning on doing one small challenge this semester and do a larger challenge next semester. Trying to gear the design towards mostly 4th year students applying to grad school. The potential deadline of the first challenge will be first week of January. Daniels faculty said that they can handle prize incentives and choose the jury for picking the top designs.
    - i. We need to provide the Faculty with a tentative schedule/timeline and a format on how challenge will be done
      1. when will it be due/whose work will be shown/who is choosing the work that gets chosen
    - ii. Ideas: Pavilion style competition (outside King's College Circle, dealing with UofT community).
    - iii. Design pavilion first semester and then actually build it second semester.
3. City Building Expo (CBX)
  - a. Ryerson organization that we collaborate with. Contact Paul if you are interesting in helping out with this project.
4. Rep/Team Intros on Social Media
  - a. Start doing Team intros very soon
  - b. Send Omar your bio (it's going to be like humans of AVSSU)
5. Year End Show + Undergrad Publication
  - a. Need help for this
  - b. ~4 people per group to help out
  - c. Publication: Profs choose student work that will be published
  - d. Year End Show: Last week of April. Display of everyone's work. Anyone can send in work and we choose. Each studio gets their own room.
6. Student Handbook
  - a. Architectural Resources and General Resources (cool places to eat/study/hangout)

- b. Cool idea to bring back to help students navigate through their first year at Daniels
- 7. Break-On Magazine
  - a. Creative magazine that is just stating up.
  - b. Asked us to help promote because they are looking for members.
